

COOKIE POLICY

Chainyard Supplier Management Inc. and our parent IT People Corporation (the “Company,” “we,” “us,” or “our”) collect certain information about our website visitors and registered users of the Network (as defined below) (“you” or “your”) when you visit www.trustyoursupplier.com (the “Site”), and/or use our blockchain-based supplier information management system (the “Network”).

Cookies are small text files that are sent to a web browser and are stored on your terminal device when you access a website. Cookies are used for different purposes (computer authentication, session monitoring, storage of information on specific configurations regarding users that access the server, storage of preferences, etc.). This policy describes our use of cookies.

The Company uses certain first-party cookies, which do not require your consent, commonly referred to as “strictly necessary cookies” to make sure our digital services work correctly and are meeting audience needs and interests. The Company uses the following strictly necessary cookies:

- session cookies: their use is strictly limited to the transmission of session identification data (random numbers generated by the server), which are necessary to allow the safe and efficient exploration of the Site and/or Network; they are not permanently stored on your device and disappear when the browser is closed. In particular, the use of session cookies is aimed at the security and improvement of the service offered; and
- technical cookies: necessary to keep track of the consent given by you.

Some third parties may also provide cookies or similar technologies on the Site and/or Network. These cookies are only used if you consent to their use. You are free to withdraw such consent at any time. Such cookies or similar technologies are not under our control, and are managed by the third parties, as indicated in the table below, and are divided into the following macro-categories:

- analytics cookies: these cookies are similar to technical cookies insofar as they are used directly by the website manager to collect aggregate information on the number of visitors and the pattern of visits to the Site and/or Network;
- marketing/advertising cookies: this category of cookies includes cookies used to provide advertising services within a website. Deactivation of such third party cookies does not affect the use of the Site and/or Network; and
- profiling cookies: these cookies are used to track your navigation on the web and to create profiles on your tastes, habits, choices, etc. With these cookies, advertising messages can be transmitted to your terminal in line with the preferences already expressed by you when browsing online. The use of these cookies and the performance of the processing

operations connected to them require your prior consent, in accordance with the applicable regulations. The deactivation of such third party cookies does not compromise the use of the Site and/or Network.

Google Analytics

The Company may use Google Analytics to collect certain analytical information (including IP addresses) to help us better understand activity on the Site and Network. Google Analytics uses cookies to track you on the Site and Network, to record multiple visits by you to the Site and Network, and to record all the pages that you visit on the Site and Network. Google Analytics tracks your visits to the Site and Network whenever you return.

The Company receives this data from Google in an aggregated, anonymous form that does not personally identify you. The Company will not use Google Analytics to track, collect or upload any data that personally identifies you (such as a name, address, or billing information), or other data that can reasonably be linked to such information about you by Google.

The Company will not facilitate the merging of personally identifiable information with non-personally identifiable information that is collected through any Google product or feature unless you have specifically and affirmatively provided the Company with your consent to that merger of personally identifiable and non-personally identifiable information.

The Company and other third-party vendors, including Google, use first-party cookies (such as the Google Analytics cookie) and third-party cookies together to inform, and optimize the Site and/or Network based on your past visits to the Site and/or Network.

If you would like to learn more about how Google uses information collected through Google Analytics, you can read about it at: <https://support.google.com/analytics/answer/6004245>.

If you would like to opt-out of Google Analytics, you can download and install the add-on for your web browser at: <https://tools.google.com/dlpage/gaoptout?hl=en-GB>.

*Though this cookie is categorized as a marketing cookie set by a third party, we do not allow for advertisements to be displayed on the Site and/or Network.

On your initial visit to our Site and/or the Network, we will ask for your consent to use cookies. You may withdraw your consent by going to your web browsers settings. Almost all web browsers allow you to verify which cookies are present on your personal hard drives, block all the cookies or receive a notification any time a cookie is installed. In certain cases, however, failure to install a cookie may lead to the impossibility to use certain sections of the Site and/or Network.

Below are the methods offered by the primary browsers which allow the users to express their options regarding the use of cookies:

- Internet Explorer: <http://windows.microsoft.com/it-it/internet-explorer/delete-manage-cookies#ie=ie-11>;
- Chrome: <https://support.google.com/chrome/answer/95647?hl=en&co=GENIE.Platform=Desktop>;
- Firefox: <https://support.mozilla.org/en-US/kb/clear-cookies-and-site-data-firefox>;
- Opera: <http://help.opera.com/Windows/10.00/it/cookies.html>;
- Safari: <https://support.apple.com/guide/safari/manage-cookies-and-website-data-sfri11471/mac>.
